

NAMIBIA'S NORTH & VICTORIA FALLS

PRICE FROM:	DURATION:	DEPARTURE:	GROUP SIZE
5.500 USD	min 12 nights	year round	min. 2
per person*	best 18 nights	best Apr. - Dec.	max. 6

**price is subjective to season, group size and availability of rooms*

This tour takes us to the lush north of Namibia, where water and wildlife abound. We travel along the wetlands of the rivers through Botswana to reach the highlight of the tour, the mighty Victoria Falls.

Remember, your Safari is tailor-made to your wishes and needs, this itinerary is just to give you a feeling of how a Safari with Three Little Birds could look like, and to spark your anticipation - which is already part of the joy of an holiday, isn't it?

Every journey with Three Little Birds is Climate Positive through our collaboration with AYWA, a Namibian reforestation project. Find out more about the project by scanning the QR code.

ITINARARY

SAFARI GUEST FARM DÜSTERNBROOK

My home

Arrival at Hosea Kutako International Airport, where I will pick you up. Then we will drive to Windhoek, the capital of our country.

Once we reach Windhoek, first things first, we will have breakfast at one of my favorite places. After breakfast we will head out to the place I am honored to call home:

Safari Guest Farm Düsternbrook.

It is time to unwind from the flight and to slowly arrive in Africa.

First days in Africa

My premise is to take it slow the first few days, waking up to the sounds of nature and enjoying breakfast on our veranda overlooking the dry riverbed that flows next to our farmhouse.

During the day you can relax by the pool and participate in some of our many activities such as horseback riding, game drives, mountain drives, hiking or the leopard feeding.

TIM BILA NATURE RESERVE

The place of second chances

A few hours north we will reach our first destination, TimBila Nature Reserve.

A slight change of vegetation will await us, as well as the chance to see lions, elephants and the rare species of Wild Dogs.

TimBila actively protects wildlife, especially conflict animals, by providing a safe haven. Lions, driven by hunger into human areas, were translocated to the reserve, ensuring their survival. Elephants, African Wild Dogs and Rhinos also found refuge here, safeguarded by a vigilant anti-poaching unit. TimBila is known to be the place of second chances, that is why it made it on our list.

ONGUMA - THE FORT

Etosha National Park

The further north we go, the more the landscape changes. Just east of Namibia's famous Etosha National Park lies the private reserve of Onguma.

One of the lodges on the reserve is The Fort. Built in the theme of a Moroccan castle, it is definitely something to write home about. Honestly, one of my personal favorites! I won't spoil it for you, but the setting, the game drives, the food, the staff - everything is simply on point.

HAKUSEMBE RIVER LODGE

Okavango River

As we continue north, we will pass through some of the more populated parts of the country.

Our destination for the day is nestled on the banks of the Okavango and will give you your first taste of the wildlife of one of Africa's mighty rivers.

Hakusembe is a lovely stopover on our way to the wild wetlands of the Zambezi region of Namibia

DIVAVA

Bwatawata National Park

Following the Okavango to the east, we will reach Divava. Here we will have the opportunity to go on a boat safari, the way to go in the north, to soak up the beauty of Namibia's lush and plentiful wetlands - especially with a Gin and Tonic in hand at sunset.

Divava also offers several treatments at its spa. The perfect time to relax and rejuvenate from the hours spent in the car to get to this magical place.

NAMBWA TENTED LODGE

Bwatawata National Park

Just a stone's throw away is our next destination, Nambwa, which deserves the title of being a Tree House. Enchantingly situated next to the Bwatawata National Park, we can explore local villages, go on game drives and more boat cruises.

From the breakfast and dinner decks, you can enjoy magnificent views of the Okavango wetlands, accompanied by the soothing sounds of its inhabitants.

These are truly the moments when you forget the stresses of home and enjoy the peace and tranquility that comes from being surrounded by nature and good company.

The Victoria Falls are the crowning jewel of our journey. Here, the Zambezi River plunges 108 meters into a dramatic gorge, creating the world's widest curtain of falling water - stretching over 1,700 meters. The rising spray forms a lush, mist-drenched rainforest that surrounds this natural wonder.

VICTORIA FALLS

Highlight

During your final days in Africa (for now), we will savour the beauty of the falls through strolls along panoramic viewpoints and through the misty rainforest. There will be options to join exclusive experiences, such as a sundowner cruise on the Zambezi or a river-rafting adventure.

THE VICTORIA FALLS HOTEL

Victoria Falls

At our final destination, the Victoria Falls, we will stay at the historic hotel "The Royal Victoria Falls", which was built in 1904, making it one of the oldest hotels in Africa. The interior is still in the style of the British exploration era.

From the garden of the hotel we will enjoy the magnificent view of the mighty Victoria Falls, and in keeping with British tradition, we will enjoy a High Tea or yet another Gin & Tonic.

DEPARTURE

Victoria Falls International airport

The day of departure has (sadly) come.

After a last hearty breakfast with a view of the falls, I will drive you to the Victoria Falls International Airport (VFA).

There is a lot to comprehend, which will take some time, believe me, sooo many new impressions.

Back home you will arrive relaxed with a fresh tan, a smile on your face and a lot of experiences to share.

Now the time of the retrospectpective joy begins.

CONVINCED?

Feel free to get in touch using the online contact form, by scanning the QR code.

Or simply write me an email to receive a non-binding offer of how your personal safari adventure could look like.

I am excited to hear from you!
